BONGRO

DESIGN-BUILD & LANDSCAPE WITH CONFIDENCE

Professional, clean, friendly and devoted are just a few of the words previous clients have used to describe the work and workmanship of Bongro. Since 2006, Bongro has been at the forefront of landscaping and maintenance work for commercial clients, providing passion and quality to everyone. Founders Sal Zambito and Daniel D'Avella have always put passion, vision and determination into every project. Bongro offers a variety of services from lawn maintenance to tree care. By combining expert planning and an in-house design team, Bongro works with you to ensure you love your outdoor space. Whether it's a complete renovation, a small project or a spruce-up, at Bongro, it's not just about the landscaping — it's about the memories.

DESIGN-BUILD

At Bongro, we have perfected our skills and expertise in order to manage and execute a wide spectrum of Design-Build projects. Bongro can help facilitate contract administration, permit applications, warranty-related issues and much more. We work to maintain long-term relationships with the most reputable subcontractors, consultants and designers. It is our goal to meet the highest quality standards in the industry so our clients can focus on their business and entrust their project to us.

From excavation and demolition to concrete work, our experience offering in-house services is why we succeed at completing your project on your timeline. At Bongro, our team of experienced pavers can manage the most detailed tasks. Let our experts create stunning retaining walls while handling all of your grading and sodding needs, giving your property that perfect esthetic appeal. Our projects range from small office buildings to warehouses, retail strip plazas, manufacturing plants, car dealerships and many more.

THE MOST

MANNER IS
OUR SPECIALTY

MAINTENANCE

The attention to detail and care doesn't stop just because your project is complete. Why not accentuate the entrance to your business with beautiful trees? At Bongro, adding the perfect accent to your newly renovated space is just another reason to trust in the team's dedication and experience. Those finishing touches to walkways, landscapes and more are all part of the team's design to create the best space for you. The full list of maintenance services offered by Bongro includes turf care, garden care, fertilizing, decluttering, tree and shrub care, seasonal cleanups, snow removal and anti-icing.

LANDSCAPING

For your commercial property, Bongro will turn your landscape into your dreamscape. This dedicated team understands that companies need to have their work done on time and efficiently. Whether you require plant, grass or lawn care, rest assured that the team at Bongro will use its skills and years of experience to bring your project to life. The full list of landscaping services includes interlock driveways, interlock patios and walkways, retaining walls, armour stone, flagstone, sodding and grading, tree planting and water features.

SNOWPLOWING

Avoid the agony of shovelling snow and slush that comes with those long winter months. Prevent your employees or your customers from walking through a slippery snow-covered parking lot. With a brand-new fleet of snowplows available 24 hours a day, let the team at Bongro be your go-to choice to handle all of your corporate snow removal needs. No matter the season, the team at Bongro has been leading the pack in ensuring that regular maintenance and care is kept to the highest standards.

GENERAL CONTRACTING

As a part of their unique designs, the employees at Bongro are experts in creating the best handcrafted components for your renovation. Bongro prides itself on having passionate people who love their work. Each team member is trained to handcraft your outdoor experiences. From minimalistic to intricate, Bongro can create a stunning oasis for you and your business to enjoy regardless of the property size you have to work with. Every job is unique, and as innovators of the craft, Bongro will ensure the best-quality result, guaranteed.

A close-up, high-angle shot of a yellow snowplow's blade clearing a path through a thick layer of snow on a road. The plow's heavy-duty tires and metal frame are visible at the top of the frame. The snow is bright white and appears to be piled up on either side of the cleared path. The background shows more snow-covered ground and faint tire tracks.
